

BAK XIII

BAK XIII was created in Geneva Switzerland in 2001 by DDDmix and Baron von Smock and Garf (who was first replaced by Tenebras and then by Judge Drek). BAK XIII is a mix of new wave 80s and current electro-dark. A kind of cynical pop with a clear touch of romanticism. Live performances of BAK XIII are powerful, very communicative and highlighted by a beautiful stage design and impressive light shows.

BAK XIII had the pleasure to be the opening act for bands like Front 242, Von Magnet, Suicide Commando, Das Ich, Fixmer Mc Carthy, Combichrist, and done remixes for HIV+, Mimetic, IDLO, Muckrackers, Implant, Grandchaos, Ambassador 21, Dolls Of Pain, SA 42, Psyche, Sybreed, ... and much more !
